THE POWER TO CONNECT

CENTURION™ MONITORING SYSTEM

Available on select Motivar chillers as an optional feature, the Centurion Monitoring System provides owners a range of safeties and access to critical data. The new monitoring system empowers the owner by offering a fully transparent exchange of encrypted data between the owner and chiller from a remote location via cellular service, outside of the firewall.

FEATURES

- Extensive data trending, including real time access to chiller performance.
- Password protected multi-level access.
- Adjustable warning thresholds to alert the owner that operation is reaching a critical limit.
- No charge for monitoring service provided by factory for first year of operation.
- Backed by the security of AWS cloud services and T-Mobile/AT&T cellular networks.
- Available in all major global markets
